## BANKNOTE BUNDLING MACHINE

QUALITY AND SERVICE YOU CAN COUNT ON US !

# GB-306 BANKNOTE BUNDLING MACHINE

## Features and Specifications

The GB-306 Banknote Bundling Machine is used to strap a batch of banknotes, normally 100 bills, with a specific type of strapping paper band or polymer band via a heating element.

Operating the GB-306 banknote bundling machine is very easy and extremely fast which will enhance work efficiency with little to no training necessary.

GB-306 assures that all banknotes are in a tight, neat bundle every time.

GB-306 is convenient for banknote transfer situations by protecting the bills from spoiling while also making accidental loss nearly impossible.

### Main Features:

- Big LCD display
- High-speed Intelligent banknote binding automatically
- Bundling speed: 30 bundles/min
- Microcomputer control, easy to operate
